YOUR HEALTH SHOP

# ATTENTION ALL SHOPPERS

## PLEASE READ OUR COVID-19 PROTOCOLS

**Your health and safety is our main priority, please read the following before entering our store:**

- **We would ask if you are exhibiting flu-like symptoms that you do not shop with us today** – please phone us and arrange a local area delivery. For your reference we have requested that any staff member stay home if they are unwell with flu-like symptoms.
- **If you have a hand sanitiser available, please use it before entering our store** – we will provide this for you when supply available. For your reference our staff all follow frequent hand washing procedures.
- **We encourage all our staff to practice social distancing** and have asked that they stand at least 1-2 meters away from customers and other staff members.
- If it is a super busy day we reserve the right to **limit the number of customers entering the store** at any one time.
- Our team at regular times throughout the day will thoroughly disinfect and sanitise counters, EFTPOS machines, fridge doors and high-touch surfaces.
- We encourage our customers to **use tap and pay where possible** to limit the handling of cash.
- We are currently **not offering any product testers or taste testing** demonstrations in store to mitigate any potential risks.
- We ask in the short term, that you **not use your own refillable containers**, and instead use the bags/containers provided.
